QUALITY:

From the first sample, we take care of the quality at every step, we identify the key points of each product to anticipate possible difficulties in production. We use the Lectra system to create and print the patterns which we then pass on to the manufacturers. All of these actions are meant to decrease the margin of error. Our in-house lab allows us to run the most common tests on each and every order.

COMPLIANCE:

Our production network is based on compliance, we guarantee our customers that their goods are produced in factories where the workers' rights are respected. We have our own Compliance Department that constantly evaluates the factories and provides them with mandatory follow-up improvements. We constantly strive to improve the working conditions, safety and benefits of the workers. This is made possible by a long-term partnership with our clients and manufacturers.

OUR CERTIFICATIONS

We take compliance extremely & completely committed to responsible practices in the textile industry. Our manufacturing partners undergo audits and hold certifications such as BSCI, GOTS, OEKO-TEX, SEDEX, ACCORDIA, ISO as well as WRAP. These certifications ensure open-minded treatment, safe conditions, and sustainable practices, dazzling our perseverance for workers' well-being.
